

BYOAD USER GUIDE – TXARNG

As of 20220922, opening window for provisioning submission is delayed to 20221010. Participant must still complete initial enrollment below: Steps 1 & 2.

1. Go to the Remote Capable Workforce BYOAD enrollment site to sign up and sign Acceptable User Agreement: <https://play.apps.appsplatform.us/play/e016d586-232e-4254-92f7-52ac2f7533e9?tenantId=fae6d70f-954b-4811-92b6-0530d6f84c43&hideNavBar=true>
2. Report enrollment completion and email used to J6 BYOAD POCs:
SGT Dalton, Vaughn: vaughn.e.dalton.mil@army.mil
SSG Jerome, Nathan: nathan.j.jerome.mil@army.mil
3. **J6** will notify participant when their account has been submitted for provisioning.
4. Once notified of provisioning submission by J6 POC, download the Hypori client and Army MobileConnect to your personal device from the App Store(Apple) or Play store (Android).

Hypori Client:

MobileConnect:

5. Watch your email for two provisioning emails **** Check Spam and Junk folders.** Notify J6 POCs if you do not receive these emails after 48 hours from J6 initial submission notification.
6. Open the emails and follow the instructions contained within 72 hours.
**** Note: for this step users will need access to their government email through a government computer or OWA.**
7. Once you complete the instructions and your Hypori account is setup, contact your Purebred (PB) Agent to complete PB registration **** Access to NIPR system (RCAS or VPN) is required for this step.** PB Agent: J6 BYOAD POCs (Pilot Phase Only).
8. Once PB registration is complete, J6 BYOAD POCs will update RCWP. This will complete the process and grant access.

Notes:

****For issues concerning 1) A new OTP 2) A password reset, or 3) Add an additional device, Purebred agents will have access to a Hypori Admin console to initiate 1 through 3.**

**** All Participants must report lost or stolen devices that have been provisioned to their Purebred Agents.**
